Alfenz cross-country ski trail - 2nd section | Klösterle am Arlberg

Klostertal Vorarlberg

MODERATE | REFRESHMENTS | THERE AND BACK

Tour description

Style: Classic / Skating

Alone on the way through a deeply snow-covered picture-book landscape, a feeling of relaxation quickly sets in - this also succeeds on the longest cross-country trail in the valley, the "Alfenz" cross-country trail. The start of the trail is located behind the Albrecht bakery in Klösterle am Arlberg. The snow-sure cross-country trail leads mainly along the course of the Alfenz stream out of the valley to the valley station of the Sonnenkopf cable car. From there it is also possible to connect to the cross-country ski trail to Dalaas (another approx. 8 km). The way back runs on the same route or alternatively with the bus line 720. The tour can of course also be completed in the opposite direction.

Changing facilities: There are no changing rooms on site. However, there is the possibility to change in the public toilet at the community center (during regular opening hours) or at the Sonnenkopfbahn.

Current status: You can find this in the daily updated trail report.
