Included services

Laurentiu, the long-distance truck driver. Kathi, the supermarket cashier. Pedro, the express package courier. Katarzyna, the 24-hour caregiver. As different as their professions are, their working conditions are similar: high stress, low pay, zero recognition. Yet they keep our world running. "System-relevant" is what they are suddenly called.

The illustrator Daniel Lienhard has portrayed twelve of these people who secure our prosperity while having little of it themselves.
