From there, the path follows a ridge along the Flower Trail until reaching the mountain station of the Glatthornbahn. Shortly after the mountain station, you will have reached the highest point of the tour.

From there, the route descends, passing below the Damülser Horn, to Alpe Unterdamüls. A forest road then leads from Unterdamüls Alp to Damüls, where you can either take the bus back to Faschina or follow the path from the village church through the avalanche gallery to Faschina.
